From all indications the Bearcat basketball team has a severe case of cold feet and are apparently afraid of losing what little reputation they have, as they haven't as yet accepted the challenge of the married men for a game next Tuesday. Chin Duzaa who is managing the married men, seems unable to arrange a game, although be has reserted to every means to induce the Bearcat manager to give him a game.

ACIDS IN STOMACH

How to Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble. Indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive julces. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after cating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet formnever liquid or milk) is harmicks the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.
